NEW QUESTION: 1
Which of the following is the BEST way to determine if an information security program aligns with corporate governance?
A. Evaluate funding for security initiatives.
B. Survey end users about corporate governance.
C. Review the balanced scorecard.
D. Review information security policies.
Answer: D
Explanation:
Explanation
Explanation
One of the most important aspects of the action plan to execute the strategy is to create or modify, as needed, policies and standards. Policies are one of the primary elements of governance and each policy should state only one general security mandate. The road map should show the steps and the sequence, dependencies, and milestones.

NEW QUESTION: 2
A project manager used geographically specific terms on a

global project Several stakeholders have rejected the plan due to their limited understanding of the terminology What should the project manager do next?
A. Discuss the terminology issues with stakeholders and add a glossary to the plan for future reference
B. Use an online translation tool to translate the plan into the various stakeholders' languages and redistribute
C. Revise the terminology to be more generic so the plan can be universally understood and agreed upon by all stakeholders
D. Ask stakeholders who rejected the plan to use a professional translator to help them understand it
Answer: A
