Now, our TE350b-002 learning material can help you, Sound fantastic, isn't it, Passing Features of TE350b-002 Exam Questions, So high-quality contents and flexible choices [Authorized ISO-27701-CLA Pdf](#) of studying mode will bring about the wonderful learning experience for you.

Study hard questions and answers of our Practice Test and put your trust in Stegschool, you won't regret it, Question: I afraid of failing TE350b-002 exam, can you help me?

So we want to tell you that it is high time for you to buy and use our TE350b-002 study materials carefully, Having gone through about 10 yearsâ€™ development, we still pay effort to develop high quality TE350b-002 study dumps and be patient with all of our customers, therefore you can trust us completely.

NEW QUESTION: 1

Which of the following is a security metric?

- A. Security metrics
- B. User access rights
- C. Return on security investment
- D. Risk assessment policies

Answer: A

Explanation:

Return on security investment

Return on security investment (ROSI) is a metric that measures the effectiveness of security investments. It is calculated as the difference between the cost of a security breach and the cost of the security investment. ROSI is a key performance indicator (KPI) for security programs.
