Answer:

Explanation:

See explanation below.

Explanation

1. In the Security & Compliance Center > left navigation > Data loss prevention > Policy > + Create a policy.
2. Choose the U.K. Data Protection Act template > Next.
3. Name the policy > Next.
4. Choose All locations in Office 365 > Next.
5. At the first Policy Settings step just accept the defaults,
6. After clicking Next, you'll be presented with an additional Policy Settings page Deselect the Show policy tips to users and send them an email notification option. Select the Detect when content that's being shared contains option, and configure the number instances to be 10. Select the Send incident reports in email Select the Choose what to include in the report and who receives it link to add Allan Deyoung as a recipient.
7. > Next
8. Select the option to turn on the policy right away >
9. Click Create to finish creating the policy.
